

She watches as...a SINGLE AMBULANCE approaches.

OLIVIA
Is that it?

Start MOMENT LATER

Kim talks to a PARAMEDIC while Steve and another paramedic help the new VICTIMS.

PARAMEDIC
It hit Prairie Rock and River Bend too. We're stretched thin. There's calls out statewide but it's just us for now. Is this all of you?

End Kim looks around at her tiny team. Already they're totally overwhelmed. In the near distance, MORE VICTIMS approach.

129 EXT. KIM AND BRAD'S HOUSE (AFTERMATH) - LATER 129

Maddy's body is on the ambulance stretcher. Vicky finishes zipping Maddy in a body bag. Behind them, amid the debris, we glimpse a whisper of ripped up floor joist and a shallow cavern beneath.

Jess stands in a trance. Eyes blank. In shock.

Eric glances at Jess. Should he say something?

He decides against it.

Vicky picks up her medical bag.

JESS
Can we go now?

VICKY
(quietly, to Eric)
Could you take her, them, to help?

JESS
You're not coming?

VICKY
I'm going to keep looking for Peyton.

It's a blow to Jess, not to have her friend with her. But she knows it's the right thing to do.

JESS
'Kay.
