1 EXT. ESTABLISHING SHOT: A BEAT-UP BUICK SKYLARK SPEEDS DOWN 1
THE NEW JERSEY TURNPIKE ON A BEAUTIFUL, SUNNY, SUMMER DAY

2 INT. BUICK SKYLARK - CONTINUOUS 2

As the car races down an open road the four female occupants
sing along loudly with the radio.

They are young, beautiful and bursting with life.

Sitting shotgun is **WREN PEPPER** (17). She snaps pictures with
an old-school Polaroid while lustily singing along to Dancing
Nancies.

Steering the car with one hand while smoking a butt with the
other is Wren's best friend, **CECE** (17). She glances over at
Wren and winks. In response, Wren takes a swig of her roadie
and passes it to Cece.

Cece finishes the beer then dangles the cup over her head so
LAUREL (17 and chubby), can grab it from the back seat.

Laurel pulls another beer from the case between her legs,
refills the cups and passes them out. She hands the first
beer to **JILL** (17), the final occupant of the car.

Jill grabs the cup and holds it out the window, letting the
wind carry the foam from the top of the beer.

GIRLS

*Sing and dance, la la la, hey, la
la la, hey, la la la!*

Start

A car full of **TEENAGE BOYS** pulls up beside them. They BEEP to
get the girls' attention.

TEENAGE BOY

Toss me a beer!

LAUREL

Suck my chanch!

Wren hoists herself on to the seat and turns to Laurel.

WREN

Gimme one.

Grinning, Laurel hands Wren a beer.

Wren cranes her body out the window and tosses a beer to the boy. It slips through his outstretched hands and crashes to the ground, exploding and spraying foam everywhere.

The girls shriek with laughter.

TEENAGE BOY

Try again!

CECE

Beer distributor is closed! Sorry!

Cece pulls away, but the boys quickly catch up.

TEENAGE BOY

Come on! Give us something!

Jill kneels on the seat, faces the window and whips off her shirt, revealing her bikini top.

JILL

Oh, I'll give them something.

CECE

Don't poke their eyes out.

JILL

Boys! Here's two somethings.

The guys gape in disbelief as Jill teasingly unties her bikini top and then tosses it dramatically out the window.

End

The boys swerve onto the shoulder of the road. Cece speeds away as the girls laugh hysterically.

WREN

That was my bathing suit!

JILL

That was exhilarating! You bitches make me brave! One day ladies, we're taking over the world!

The girls WHOOP in agreement and Cece cranks up the radio.

Wren grabs a book on the floor and lovingly adds the new Polaroids to an album already stuffed with them.

The four friends sing their hearts out, reveling in the feeling of being impossibly young and happy - an entire life spread before them filled with adventures just like this.

CLOSE UP on Wren's beautiful, beaming face.
