

MATT (CONT'D)

Now I want you all to give it up  
for the man who had to bear this  
burden, your president, our  
brother, and the best Lacrosse  
player in the state! Eric Cooper!

The crowd goes wild as ERIC, 22, strong as a bull, enters the room. The brothers shake up their beers and spray them all \* over him. The Delta Kai chant ensues. Eric comes to the front of the room.

**Start**

ERIC

It's a good night tonight boys!  
Could not be more proud to call  
each of you bitchboys my brothers.  
And you know what I just learned?  
All the sororities have signed a  
petition saying that they won't  
have mixers with us anymore. (Beat)  
When those stuck up cunts get over  
themselves and come crawling back  
to get themselves the best dick on  
campus, you know what we'll say to  
them...No means no!

The brothers burst into laughter and cheers.

ERIC (CONT'D)

To be honest, I'm glad these  
bitches are putting up a fight. It  
wouldn't be fun if it was easy, I  
mean, it's not like pussy is just  
gonna show up on our doorstep.

DING-DONG! The brothers are surprised to hear the doorbell ring. Eric and Matt walk to the front door and open it revealing Regina and Joey, both in heavy makeup and dressed for a night out. They look almost in disguise compared to how we have seen them so far.

REGINA AND JOEY

Hi-i-i-i-i!

JOEY

We're visiting. My sister goes here  
but she has to study. She said this  
was a good place to party, any  
chance you guys are throwing down?

MATT

We're not really hosting tonight...

Eric stops Matt mid-sentence.

ERIC

But we would never turn down a  
guest looking for a good time, come  
on in.

Joey and Regina enter, they see the room full of frat  
brothers who gaze upon them like hyenas eyeing fresh meat.

ERIC (CONT'D)

You guys want a drink?

REGINA

Actually we brought this.

Regina reveals an unmarked bottle of booze.

REGINA (CONT'D)

It's moonshine my uncle made!

JOEY

Are you guys celebrating something?  
We should do shots!

ERIC

Yes we are and yes we should!

He guides the women to the living room. One of the brothers  
exits and re-enters with a stack of shot glasses. Shots are  
poured all around.

REGINA

To you guys getting everything you  
deserve in life!

---

**End**

They all cheers and throw back their shots except for Regina  
and Joey who intentionally let them spill. Joey is doing a  
great job keeping the attention of the room. She asks the  
guys to show her how to throw darts, she is flirty and all  
the guys can't take their eyes off her. Regina slinks out to  
the lobby, goes to the door, slyly unlocks it, and opens it  
to reveal Lily and Angie.

REGINA (CONT'D)

(Whispering)

There's a breaker box in the  
kitchen and the vault is in the  
basement, we'll keep them busy.  
Where's Beatrice?

ANGIE

She wanted to stay out front and be  
on watch so I'm doing the vault.  
Said she had something special  
planned.
